Sinister hands snatch a newborn child and carry her to a tower where she lives in loneliness. Enmity between feuding families results in an elopement that ends in ways that nobody could foresee. You think you know these stories-- but do you really? The destinies of these star-crossed teenagers entwine in this tale that reveals the story that Shakespeare and the Brothers Grimm never told.

Don'tcha just hate the way you get caught up in stuff without really wanting to? Then it goes a bit further, and suddenly you're one of those jerks you hate because . . . you can't be trusted. ROSE WANTS NOTHING MORE THAN TO GET AWAY. Last year she'd had it all: pre-law in the fall, a budding romance, and her best friend, Zoe. Now Zoe will never forgive her, her family is crumbling, and the secret that's been boiling up inside her is bubbling a little too close to the surface. All Rose needs to escape are an old van, her surfboard, the road, the ocean, and . . . mom? When Rose's mother jumps in the passenger seat right as Rose is about to set off, her trip takes an unexpected turn, filled with nagging memories of last year, and the looming scandal that refuses to be ignored. A twisting plot that keeps you guessing, told from the viewpoint of a realistically flawed yet snarky main character, makes this a book that just can't be put down.

New York Times bestselling author Sarah MacLean has taken the world of historical romance fiction by storm! With A Rogue by Any Other Name, she once again boldly breaks new ground. The first book in her remarkably fresh and original Fallen Angels series—featuring four dark Regency Era heroes who will steal the hearts of their heroines and the readers alike—A Rogue will captivate fans of Julia Quinn and Suzanne Enoch while bringing new romance readers eagerly into the fold. The scintillating story of a disgraced Marquess reduced to running a London gambling hall who hopes to restore his good fortune by marrying a very proper lady who’s secretly drawn to sin, A Rogue by Any Other Name is sexy and wicked fun.

Genevieve "Genna" Galante knows a thing or two about causing trouble. After all, it's engrained in her DNA. As the only daughter of Primo Galante, notorious boss of the Galante crime family, her life is dictated by a certain set of rules... rules Genna was never very good at following. Matteo "Matty" Barsanti never wanted anything to do with the family business, but as the first-born Barsanti son, certain things are expected of him.

A groundbreaking history of the practice of Jewish name changing in the 20th century, showcasing just how much is in a name Our thinking about Jewish name changing tends to focus on clichés: ambitious movie stars who adopted glamorous new names or insensitive Ellis Island officials who changed immigrants’ names for them. But as Kirsten Fermaglich elegantly reveals, the real story is much more profound. Scratching below the surface, Fermaglich examines previously unexplored name change petitions to upend the clichés, revealing that in twentieth-century New York City, Jewish name changing was actually a broad-based and voluntary behavior: thousands of ordinary Jewish men, women, and children legally changed their names in order to respond to an upsurge of antisemitism. Rather than trying to escape their heritage or “pass” as non-Jewish, most name-changers remained active members of the Jewish community. While name changing allowed Jewish families to avoid antisemitism and achieve white middle-class status, the practice also created pain within families and became a stigmatized, forgotten aspect of American Jewish culture. This first history of name changing in the United States offers a previously unexplored window into American Jewish life throughout the twentieth century. A Rosenberg by Any Other Name demonstrates how historical debates about immigration, antisemitism and race, class mobility, gender and family, the boundaries of the Jewish community, and the power of government are reshaped when name changing becomes part of the conversation. Mining court documents, oral histories, archival records, and contemporary literature, Fermaglich argues convincingly that name changing had a lasting impact on American Jewish culture. Ordinary Jews were forced to consider changing their names as they saw their friends, family, classmates, co-workers, and neighbors do so. Jewish communal leaders and civil rights activists needed to consider name changers as part of the Jewish community, making name changing a pivotal part of early civil rights legislation. And Jewish artists created critical portraits of name changers that lasted for decades in American Jewish culture. This book ends with the disturbing realization that the prosperity Jews found by changing their names is not as accessible for the Chinese, Latino, and Muslim immigrants who wish to exercise that right today.

A crucial indictment of widely embraced “alternatives to incarceration” that exposes how many of these new approaches actually widen the net of punishment and surveillance “But what does it mean—really—to celebrate reforms that convert your home into your prison?” —Michelle Alexander, from the foreword Electronic monitoring. Locked-down drug treatment centers. House arrest. Mandated psychiatric treatment. Data-driven surveillance. Extended probation. These are some of the key alternatives held up as cost-effective substitutes for jails and prisons. But many of these so-called reforms actually widen the net, weaving in new strands of punishment and control, and bringing new populations, who would not otherwise have been subject to imprisonment, under physical control by the state. As mainstream public opinion has begun to turn against mass incarceration, political figures on both sides of the spectrum are pushing for reform. But—though they’re promoted as steps to confront high rates of imprisonment—many of these measures are transforming our homes and communities into prisons instead. In Prison by Any Other Name, activist journalists Maya Schenwar and Victoria Law reveal the way the kinder, gentler narrative of reform can obscure agendas of social control and challenge us to question the ways we replicate the status quo when pursuing change. A foreword by Michelle Alexander situates the book in the context of criminal justice reform conversations. Finally, the book offers a bolder vision for truly alternative justice practices.

"Virginie Despentes's Vernon Subutex trilogy is the zeitgeistiest thing I ever read. Everything about it is contemporary, right down to the fearless woman author who doesn't think of herself as a feminist and gives an impression at least in interviews of habitually killing rapists . . . [It] has dupes and assholes and racists and the people they hate and a stunning diversity of internal monologues and trans true love. Like the last decade, it searches for a happy ending that isn't merely personal and can't find it . . . These novels with their depth and detail kick TV's sorry ass." —Nell Zink, Bustle, "The Best Books Of The 2010s" From the provocative writer and filmmaker Virginie Despentes comes volume one of her acclaimed trilogy of novels, Vernon Subutex—short-listed for the Man Booker International Prize. But who is Vernon Subutex? Vernon Subutex was once the proprietor of Revolver, an infamous music shop in Paris, where his name was legend throughout Paris. By the 2000s, however, with the arrival of the internet and the decline in CD and vinyl sales, his shop is struggling, like so many others. When it closes, Subutex finds himself with nowhere to go and nothing to do. Before long, his savings are gone, and when the mysterious rock star who had been covering his rent suddenly drops dead of a drug overdose, Subutex finds himself launched on an epic saga of couch-surfing, boozing, and coke-snorting before finally winding up homeless. Just as he resigns himself to life as a panhandler, a throwaway comment he once made on Facebook takes the internet by storm. The word is out: Subutex is lugging around a bunch of VHS tapes shot by that same dead rock musician—his last recordings on this earth. Soon a crowd of wild characters, from screen writers to social media groupies, from porn stars to failed musicians to random misfits, are hot on Vernon's trail . . . but Vernon is none the wiser.

When sixteen-year-old Amy wakes up in a hospital bed, terribly injured from a dive onto hidden rocks in a quarry, her shattered body is not the worst of her troubles. The worst of it is the fact that the body is not her own. An over-achiever from a wealthy Toronto family, Amy has somehow ended up in the body of

Krystal, a troubled girl from North-End Kingston. No one, of course, believes what Amy says. Amy's drive and determination help her to build a new life, but all she really wants is to find her way back to the life she once had. Or does she? Amy by Any Other Name is a story about what makes us who we are-and about the human capacity to grow and change.

Romance, Contemporary Stephanie Dares, grumpy virgin, and Erik Chambers, the Darth Vader of venture capitalism, don't like each other. Too bad...they have to work together to uncover the mystery surrounding Stephanie's birth. Will they discover long-buried dark secrets? Will they make it through the week without throttling each other?

A treasury of eclectic information about different varieties of roses looks at the stories behind their colorful names, probing elements of folklore, poetry, art, literature, science, myth, and other sources to reveal the history of naming and cultivating roses, from ancient times to the present day.
