An emperor fights to reclaim her power and her place on the throne in this "utterly absorbing" fantasy tale of magic, mystery, and revolution (Emily Duncan). The emperor's reign has lasted for decades, his mastery of bone shard magic powering the animal-like constructs that maintain law and order. But now his rule is failing, and revolution is sweeping

across the Empire's many islands. Lin is the emperor's daughter and spends her days trapped in a palace of locked doors and dark secrets. When her father refuses to recognise her as heir to the throne, she vows to prove her worth by mastering the forbidden art of bone shard magic. Yet such power carries a great cost, and when the revolution reaches the gates of the palace, Lin must decide how far she is willing to go to claim her birthright - and save her people. Lust □ Tradition □ Love □ Faith □ Self □ Family Elisha walks through Brooklyn with side curls tucked behind his ears and an oversized black hat on his head. He is a Chassidic Orthodox Jew and the son of a revered rabbi in whose footsteps he's expected to follow. When he leaves his insular world to take classes at a secular college, he vows to remain unchanged... PRAISE FOR A SEAT AT THE TABLE "A poignant depiction of a deeply loving father and a no less loving son desperate to find his own very different path without shattering the connection to his family, to his father." Rabbi Joseph Telushkin, Author of Jewish Literacy and a Jewish Code of Ethics "Halberstam takes you deeply into the Chassidic community with a critical eye but a loving, understanding heart. This tender, compassionate coming-of-age story brims over with wisdom from the Jewish tradition. It's worth reading for the Chassidic tales alone." David Grubin, Documentary Filmmaker, The Jewish Americans, LBJ "Joshua Halberstam knows the soul of Chassidic Brooklyn better than anyone without payes and a black hat. He explores that world with a unique combination of skepticism and compassion. A Seat at the Table is a lovely and deeply humane book." Melvin Jules Bukiet, Author of Strange Fire and Neurotica "In this novel of fathers and sons, faith and doubt, Joshua Halberstam illuminates a world rich with religious tradition and Chassidic stories, and he proves himself to be a master storyteller in his own right. A Seat at the Table is unusually wise, genuine, and always affecting." Tova Mirvis, author of The Ladies Auxiliary and The Outside World

customers win, win bigger, and win more often. Customers only care about one thing: value. And the only proven way to increase sales productivity is to deliver new and different forms of value. Salespeople must become experts in their customers' businesses and help them generate better results. Readers will learn that evolving from "salespeople" to "businesspeople who sell" will earn them a seat at the table--the place reserved for those select people who guide the strategic direction of an enterprise. "A Seat at the Table" gives practical advice on how to better connect with decision-makers. When they can do this, salespeople will be in a position to create demand for their products and services, protect their core business, and close more sales.

The presence of women in Congress is at an all-time high -- approximately one of every five members is female -- and record numbers of women are running for public office for the 2018 midterms. At the same time, Congress is more polarized than ever, and little research exists on how women in Congress view their experiences and contributions to American politics today. Drawing on personal interviews with over three-quarters of the women serving in the 114th Congress (2015-17), the authors analyze how these women navigate today's stark partisan divisions, and whether they feel effective in their jobs. Through first-person perspectives, *A Seat at the Table* looks at what motivates these women's legislative priorities and behavior, details the ways in which women experience service within a male-dominated institution, and highlights why it matters that women sit in the nation's federal legislative chambers. It describes the strategies women employ to overcome any challenges they confront as well as the opportunities available to them. The book examines how gender interacts with political party, race and ethnicity, seniority, chamber, and district characteristics to shape women's representational influence and behavior, finding that party and race/ethnicity are the two most complicating factors to a singular narrative of women's congressional representation. While congresswomen's perspectives, experiences, and influence are neither uniform nor interchangeable, they strongly believe their presence matters in myriad ways, affecting congressional culture, priorities, processes, debates, and outcomes.

"*A Seat At The Table* is a valuable and insightful book about a too long overlooked topic - the right of Native American people to have their sacred sites and practices honored and protected. Let's hope it gets read far and wide, enough to bring about a real shift in policy and consciousness."—Bonnie Raitt "Phil Cousineau has created a fine companion book to accompany the important film he and Gary Rhine have made in defense of the religious traditions of Native Americans. [Native Americans] are recognized the world over as keepers of a vital piece of the Creator's original orders, and yet they are regarded as little more than squatters at home. This book features impressive interviews, beautiful illustrations, and gives a voice to the voiceless."—Peter Coyote

Women are completing MBA and Law degrees in record high numbers, but their struggle to attain director positions in corporate America continues. Although explanations for this disconnect abound, neither career counselors nor scholars have paid enough attention to the role that corporate governance plays in maintaining the gender gap in America's

executive quarters. Mining corporate governance models applied at Fortune 500 companies, hundreds of Title VII discrimination cases, and proxy statements, Douglas M. Branson suggests that women have been ill-advised by experts, who tend to teach females how to act like their male, executive counterparts. Instead, women who aspire to the boardroom should focus on the decision-making processes nominating committees—usually dominated by white men—employ when voting on membership. Filled with real-life cases, *No Seat at the Table* opens the closed doors of the boardroom and reveals the dynamics of the corporate governance process and the double standards that often characterize it. Based on empirical evidence, Branson concludes that women have to follow different paths than men in order to gain CEO status, and as such, encourages women to make flexible, conscious, and often frequent shifts in their professional behaviors and work ethics as they climb the corporate ladder.

Many countries face challenges of migration, terrorism, climate change, and the spread of fast-paced technology. Those who are sitting around the table will change the course of history and redefine how we solve critical problems. *A Seat at the Table: Women, Diplomacy, and Lessons for the World* shares the impact of gender-diversified leadership and why varied voices lead to stronger resolutions and enhanced team dynamics. Research proves that when women are involved in peace processes, an agreement is 35% more likely to last at least 15 years. Additionally, higher levels of gender equality are associated with a lower tendency for conflict. Women ambassadors, deputy chiefs of mission, and government officials, spanning all the regions of the world, share their stories and provide insight into developing a unique leadership style. You'll learn from women who helped combat ISIS, negotiated major treaties, set standards for cybersecurity, worked through intense conflicts, balanced family and career, and endured double standards as they rose in the ranks of leadership.

From microaggressions to the wage gap, *The Memo* empowers women of color with actionable advice on challenges and offers a clear path to success. Most business books provide a one-size-fits-all approach to career advice that overlooks the unique barriers that women of color face. In *The Memo*, Minda Harts offers a much-needed career guide tailored specifically for women of color. Drawing on knowledge gained from her past career as a fundraising consultant to top colleges across the country, Harts now brings her powerhouse entrepreneurial experience as CEO of *The Memo* to the page. With wit and candor, she acknowledges "ugly truths" that keep women of color from having a seat at the table in corporate America. Providing straight talk on how to navigate networking, office politics, and money, while showing how to make real change to the system, *The Memo* offers support and long-overdue advice on how women of color can succeed in their careers.
