Architectural Drawing: A Visual Compendium of Types and ...

Drawing is the foundational language for architecture and design in general. Hence the title of this volume. The author's goal is to provide a primer of both the types and the methods of the graphic tools essential to visual communication.

Architectural Drawing: A Visual Compendium of Types and ...

Architectural Drawing is the classic, comprehensive compendium of architectural drawing. Featuring examples from many high-profile architects and firms, the nearly one-thousand drawings and photos in this book illustrate all of the various types and methods of architectural drawing. The new Fourth Edition is fully updated throughout to cover all of the latest drawing methods and includes a new chapter on the convergence of digital and traditional drawing.
