In Between the Sheets was another bizarre, but quite good, story. It involves a divorced man staying with his daughter and her friend, a dwarf. They seem to be involved in some sort of lesbian relationship, and it turns into a strange but good story. To be blunt, I hated the next story, To and Fro.

his prose, like Orwell's, is as clear as windowpane... McEwan's comic edge gives these stories a moral force. They are not meant simply to shock and horrify middle-class readers. Rather, like all good satire, they seek to unmask hypocrisy and cruelty."—The Washington Post Book World

Peace Between the Sheets offers a simple but revolutionary analysis: modern relationships often founder because of dysfunctional sexual habits. But when couples shift away from "heat-centered" toward

"heart-centered" sexual interactions, they gain a mutual satisfaction that transcends physical gratification. Robinson advocates teaching the body a different response to sexual arousal that is driven by love over biology. The benefits include reducing stress, rejuvenating the body, helping overcome addictions, and developing a positive outlook. Over two parts, "Why" and "How," the book devotes twelve chapters to topics like "Why do We Fall Out of Love?," "Outwitting Biology," "Want to Try It?," and "The Ecstatic Exchanges." Peace Between

Doentary And Doentary

Wilde Between the Sheets:
Oscar Wilde, Mail Bondage
and De Profundis argues that
Oscar Wilde's narrative
strategies reveal a quick-
witted, ingenious fighter—an
active agent who tested
boundaries and recognized
the dangers of doing so,
adopting essentialist or
anti-essentialist strategies
according to whatever
shifting purpose he is
writing with. David Walton
challenges the one-
dimensional view of Wilde as
a tragic victim defeated by
the penal system, arguing
that Wilde constructed a
self by weaving complex
networks of time and

Online Library Between The Sheets In The Streets

paradoxical notions of
space, along with a network
of literary references and
other intertexts. Walton
goes on to claim that Wilde
fashions a self while
simultaneously being shaped
by those he fashions,
creating a critical dialogue
which shows that, by
constructing Wilde through
interpretive acts, he has
already been partially
fashioned by Wilde himself.
