This is not a book. This is an interactive experience. There are 10 horror short stories inside, sure, but that's not the only thing lurking within these pages. Check out what this beta reader had to say: "I thought I was buying a book of short stories. I didn't realize that what I would read would have such depth of experience. Most of the stories were amazing, but I have to be honest. When dealing with anthologies that contain multiple authors, there are always a few clunkers and this book is no different. The puzzles, the death override (Do the confirmation. It's pretty cool), the coupon (It works! And you get a surprise back too!) and the amount of thought put into this more than made up for any shortcomings one or two of the stories might have had. I feel as though the Bloodworth sat down and really thought about the type of experience he thought the reader would like to have while going through the book. Amazing." Ann P. Beta reader Ann is correct about the focus on reader experience. I wanted the reader to have something that they weren't quite sure about. I wanted to hide things inside the pages. I wanted people to think of the Boothworld Industries Initiation Kit as less of a book and more of an interactive experience with a paranormal corporation called Boothworld Industries. "Okay. First, I want to say that I'm a huge Bloodworth fan. I've followed him since he started writing creepypastas for reddit's nosleep subreddit, back before it was filled with the stuff that's in there now. His stories were among the few that focused more on characters and plot than just gore and scares. I don't even like scary stories, but his writing pulled me in and kept me hooked. His stories made you fall in love with the characters he wrote. That sucked because you didn't want anything bad to happen to them, which usually did. His stories also had an air of reality to them. Even though you knew what you were reading couldn't be true, his words would make you question that very notion. Like I said, I'm a superfan. I loved all of Bloodworth's stories in this book. How could anyone not? He created Boothworld Industries and it shows. There were a few authors that gave him a run for his money though. Namely Ross Baxter and Stacie Savage. Now I don't want to be mean, but there was also one story I just didn't like at all. It seemed like very little thought had been put into it. Oh well. I've yet to read a book that was 100% perfect, but this book, with all the extra goodies you find, comes closer than most." Bri K. Beta reader I really wanted the reader to walk away from this experience feeling as if they'd received something more than a book. I wanted to create lasting memories. That's why so much time and effort was put into it. Sure, I could've just thrown the stories together, but it wouldn't have been as powerful as I wanted it to be. "Jesus, dude. I've never been more paranoid in my life. Every time my phone rings I say a little prayer that the number that appears won't read 630-296-7536. Boothworld Industries is something else..." Jon S. Beta reader I could tell you more, but now it's time for you to discover Boothworld Industries for yourself.

Murder. Mystery. Mayhem.After two of Bri's friends are brutally murdered, she sees no other option but to call the mysterious phone number she discovers on the blogs of those slain.Calling that number triggers a chain reaction that ensnares all of her friends in a deadly game of cat and mouse with a mysterious company called Boothworld Industries. Will Bri solve the mystery of Boothworld Industries before it destroys everyone she loves and cares about?Or will they kill her before she even gets a chance?

When senior Balthazar Video begins his last semester of high school, he meets Lucie Milton, a girl who is beautiful, quirky, and intimidating. Bal finds himself drawn to her, like a moth to a flame, ignoring all the warning signs that he'll get burned.There's more than meets the eye with Bal though. He's facing the biggest challenge of his life as his body begins to twist and fill with a new, dark power he was unaware he possessed. Can Bal trust Lucie to help him through these horrific changes, or is Lucie playing her own game, a game Bal doesn't know the rules to?Thrilling, heartbreaking, and terrifying, Handbook for a Teenage Antichrist will take you to the dark places you never knew existed, and never wanted to.

Do you want to be a great lover and enjoy consistently great sex? Would you like reliable erections that don't wilt in the middle of lovemaking? Would you like superb ejaculatory control? Would you like your penis to be as large as it possibly can be? Do you want women to sing your sexual praises? All these sexual benefits can be yours if you read Great Sex and take its message to heart. Author Michael Castleman is the nation's top journalist specializing in men's sexuality. He has been a sex educator, counselor, and writer for 30 years, including 5 years as the expert who answered the sex questions submitted to the Playboy Advisor. Written with the help of an advisory board that includes some of the nation's leading sex therapists, Great Sex is certain to help you overcome your sex problems; become a better, more confident lover; and enjoy the sex of your dreams. Castleman's message is surprisingly simple: Stop imitating the rushed, all-genital sex you see in pornography. Instead, cultivate the opposite: leisurely, playful, total-body, massage-based lovemaking that includes the genitals, of course, but is not focused on them. Sex inspired by pornography is a major reason why men think their penises are too small and why they have erection and ejaculatory problems. With wit, wisdom, and down-to-earth sympathy for men, Castleman discusses his own penis--like yours, it's a little too small--and his own struggles with balky erections, rapid ejaculation, and not expressing orgasm at all. Then, based on state-of-the-art sex therapy techniques, leading sexology texts, and almost 400 medical journal articles, he reveals how to overcome these issues and enjoy a satisfying and exciting sex life. What's more, the sexual style Castleman advocates is the way most women prefer to make love. Take Castleman's advice and you'll benefit by having a lover who is more arousable, responsive, enthusiastic, and complimentary. In other words, when you embrace sensual, creative, whole-body lovemaking, everybody wins. You have fewer sex problems. The woman you love gets what she wants in bed. And you both enjoy sex that's hotter, more erotic, and more fulfilling.

Discover some of the best up-and-coming horror writers today. These stories explore the best and worst aspects of human nature, each story based on vices or virtues from the cultures of human history. There is true horror throughout this anthology that will touch the center of your soul and leave it burning.

What lies behind the locked closet door? This question consumes Harold Withers as he and his wife Nora attempt to bury the ghosts of past tensions in their new house. While Harold obsesses over opening the locked door in his study, Nora yearns for the child and the new attempt at life Harold promised to deliver. What lies behind the locked door has other plans though. When Nora finally realizes that there is only one way to ensure she gets what she wants, she takes matters into her own hands. As the lies stack up between the married couple and the abuse continues, the closet door opens to reveal what can only be called... The Wish Room. ----- The Wish Room is an offshoot of a series of psychological suspense and horror thrillers in which Christopher Bloodworth delves into the dark and hidden places of broken relationships. Q.

Why do some of your novels focus on abusive relationships? A. I've always enjoyed fiction that explores our darkest thoughts and potential capabilities. I believe that normal human beings can be capable of absolute wickedness as well as absolute kindness. Q. Is The Wish Room part of a series, and if so, what other titles are part of the series? A. The Wish Room is an offshoot of a collection of psychological suspense horrors that aren't connected by anything other than the existence of a Wish Room in both. My novel "Handbook for a Teenage Antichrist" is about a high school senior that falls in love with the intimidating, new girl at his school while his body begins to twist and fill with a new, dark power. There will be two other books in that series coming soon. Q. Do you only write psychological suspense horrors? A. No. I have 2 urban fantasy series coming soon, which are more thriller than psychological - although I suspect there will be an element of horror in there somewhere.

The untold account of the countless Americans who believe in, or personally experience, paranormal phenomena such as ghosts, Bigfoot, UFOs and psychics Given the popularity of television shows such as Finding Bigfoot, Ghost Hunters, Supernatural, and American Horror Story, there seems to be an insatiable public hunger for mystical happenings. But who believes in the paranormal? Based on extensive research and their own unique personal experiences, Christopher Bader, Joseph Baker and Carson Mencken reveal that a significant number of Americans hold these beliefs, and that for better or worse, we undoubtedly live in a paranormal America. Readers will join the authors as they participate in psychic and palm readings, and have their auras photographed, join a Bigfoot hunt, follow a group of celebrity ghost hunters as they investigate claims of a haunted classroom, and visit a support group for alien abductees. The second edition includes new and updated research based on findings from the Baylor Religion survey regarding America's relationship with the paranormal. Drawing on these diverse and compelling sources of data, the book offers an engaging account of the social, personal, and statistical stories of American paranormal beliefs and experiences. It examines topics such as the popularity of paranormal beliefs in the United States, the ways in which these beliefs relate to each other, whether paranormal beliefs will give rise to a new religion, and how believers in the paranormal differ from "average" Americans. Brimming with fascinating anecdotes and provocative new findings, Paranormal America offers an entertaining yet authoritative examination of a growing segment of American religious culture.

"If you place this book back on the shelf now, you'll save yourself!" --Mr Creepypasta There are stories that scare you. And then there are the dark and disturbing creepypasta stories that will leave you seriously freaked out. The Creepypasta Collection is an unsettling anthology of terror, full of nightmares and dangerous creatures--from unearthly supernatural beings to the murderously disturbed. So, lock the doors, check under the bed, turn up the lights, and get ready for an unforgettable, up-all-night journey into the heart of darkness.
