Studying F5 The F5 exam requires students to apply management accounting techniques in business environments. There are many types of questions there but the key question you should be able to answer is 'what does it all actually mean?' Modern and advance technology is capable of producing and introducing vast amounts of management accounting information but it will be used to help managers in ...

provider. Our suite of study tools will provide you with all the accurate and up-to-date material you need for exam success.

The examiner-reviewed P5 Practice and Revision Kit provides invaluable guidance on how to approach the exam and contains past ACCA exam questions for you to try. The examiner has emphasised that simply understanding the advantages and disadvantages of different performance management approaches will not be sufficient to pass the exam. You must apply specific knowledge to the scenarios in the exam questions. The questions in the Practice and Revision Kit reflect the scenario-based questions you will find on the exam.
