Falling in love with Brennan showed Skye a world she'd been taught couldn't exist. Since then she's saved his life multiple times, and dealt a severe blow to the Society in the process, but all is not as it seems. Skye's nanites continue to adapt at an astonishing rate, making her quite possibly the most dangerous person on the planet, but fighting a guerilla war against her former masters involves situations she's not prepared for, situations where she won't be able to save everyone, situations where she's no longer sure she's fighting on the right side. Desperate to end the fighting, Skye sets off on her most dangerous mission yet, and what she'll learn this time may very well destroy her.

Escaping the Society's high-tech enclave the first time cost Skye both her mother and her innocence. Going back required the betrayal of Brennan and everything Skye loved. Now Skye is back on the outside. She's on the run, isolated and hunted by new horrors that threaten the entire world. The fate of humanity hinges on Skye finding Brennan, but doing so while being chased by the entire might of the enclave's military may prove too costly, even for Skye.

People need to be monitored, or they'll repeat the mistakes of the Desolation, a centuries-old war that killed billions of people and destroyed civilization. Skye is part of the Society, the hi-tech, nanite-endowed group responsible for making sure that the millions of surviving people—grubbers—are confined to the ancient, decaying cities where they can be watched to ensure they aren't redeveloping the weapons technology that came so close to extinguishing life on the planet. When the Society's monitoring programs pick up troubling developments in one of the grubbier cities, Skye is ordered in to deal with the man responsible, but what—and who—she finds once she arrives will change everything. They armored Skye's body and taught her how to kill, but didn't do anything to shield her heart. They injected her with nanites to make her faster and stronger, but that didn't make her ready to meet Brennan. She arrived expecting to find a despot—heir to a failed system of thinking—and instead found a visionary intent on rebuilding the world. Now, with Skye's masters poised to destroy Brennan's city, she will be forced to turn her skills against the very people who trained her. Only she can save the man she loves and the dream he's trying to realize, but doing so may very well destroy her. Schopenhauer's philosophy, at first sight so beautifully rounded, upon analysis reveals itself as the secret arena of two conflicting world-views. The present analysis considers the conflict by confronting Schopenhauer as a `disciple-of-sorts of Kant' with Schopenhauer as `Goethe's one-time collaborator on the theory of colour'. Here the two meet over profound issues which the Scientific Revolution of the 17th century has ineluctably put before us: what is the right level at which to apprehend nature: what is the proper foundation for a consistent ethics, how (if at all) to arrive at a unified conception of a world broken by modern science? In this deeply-delving, lucidly written, humane and erudite study, the history of philosophical currents is blended with history of science, with history of ideas generally, and (to elucidate relevant portions of Schopenhauer's biography and intellectual and social environment) with German history too. The analysis, while benefiting from the scholarly literature, is grounded primarily in original research among the collected works of Schopenhauer, Kant and Goethe, considered in all their philosophical, scientific, and literary variety.

Selene thought she was just another normal girl. She couldn't have been more wrong. In just a few days a new arrival at Selene's high school will turn her entire world upside down. She's never met anyone so attractive—or so mysterious—before this, but Jace's unyielding insistence that they've known each other for decades can't be denied—not given how familiar he feels to her. In the hidden world of gods and fairies what you don't know can get you killed faster than anything else and only those you love have any chance of saving you. This collection contains all three novels from The Awakening (Reborn, Immortal, and Endless). You may be hostile to the God of the Bible—or maybe you're a dutiful Christian whose faith is dry and stale. Dr. John K. LaShell draws on Jonathan Edwards to explain the beauty of God. He writes for two kinds of readers: those who suspect God is unlovely, and those who want to love Him more.

According to Jonathan Wilson-Hartgrove, faithful action is always inspired and sustained by common convictions—the basic truths that have sustained God's people throughout every generation. The Awakening of Hope re-presents Christian faith by beginning with stories of faithful witness and asking, Why? Why do Christians eat together? Why do we fast? Why would we rather die than kill? These are the questions that help us see why creation and the fall, covenant and community, ethics and evangelism matter. This book and its accompanying DVD project is a contemporary catechism, celebrating lives and stories that wouldn't make sense if the gospel were not true. And then going one step further, this project shares the good news of Jesus and the way of life that he makes possible.

The man had been walking through the barren tundra in the midst of a howling blizzard for an eternity it seemed, looking back behind him the furry of the storm had left no trace of the path he had already painfully trod. His mind screamed for a warmth not to be found, knowing his only chance for survival was to keep moving forward, he slowly trudged on into the icy teeth of hell's frozen maw. Blowing great plumes of laboring breath that left his face covered with a stinging icy sheen, he plunged forward on legs of stone, his vision started to blur by the sheer force of his efforts. This was a battle no man could win. His mind started to reel with an agonizing pain as death started to close in its icy grip. Trying to will himself past the threshold of mortal man he managed just a few more faltering steps before his frozen body fell to the ground slipping into the sweet black oblivion. Feeling a sudden sharp pain he moaned helplessly feeling himself being slowly lifted into the heavens, before the final crushing embrace a voice pierced the darkness uttering but one single word Forgiveness. His last vision that of the world slowly gliding by.
