CESSNA 172 FORUM - Cessna 172 ...

Hey guys, I'm looking for a wiring diagram/supplement/pinout diagram for the standard Cessna 300 audio panel, specifically the 3-com variant. The mechanic here needs one and I'm trying to expedite the repair/removal process of this, so if anyone has any leads on where I could find a digital copy of such a diagram I would appreciate a point in the right direction.
