Learn to fully repair and restore Chevrolet's most popular truck in this long-awaited new restoration guide. When Chevy released its second-generation C/K pickup trucks, dubbed the "Action Line," it was apparent that many changes over the previous generation had been employed. Not only did the truck have a simpler, more clean-cut look but this was also the beginning of an era where modern creature comforts that we often take for granted started appearing into the good old Chevy workhorse. Power steering, power brakes, more powerful engines, a smoother riding coil rear suspension, automatic transmissions, and independent front suspension all led to what was the most drivable of any Chevy trucks to this point. Back then and today, this generation of Chevy truck is almost universally considered the most popular. Aftermarket parts availability and auction prices support that assertion. In How to Restore Your Chevy Truck: 1967-1972, veteran author Kevin Whippis shows you how to inspect, assess, and accurately budget your restoration project. You are then taken through each major portion of truck restoration, including the engine, suspension, chassis, bodywork, paint, brakes, steering, transmission, driveline, electrical system, interior, and more. Each section shows practical, real world repair and restoration in general and step-by-step formats. After all of these years of hard use and exposure to harsh conditions, most of these trucks are in need of some serious work. Chevy/GMC trucks are extremely popular as stock restorations, fast street trucks, and off-road-duty trucks. But before you can build a specialty truck, you need to have a solid, reliable, restored truck. This book provides the invaluable information and step-by-step instruction to return these trucks to their original glory.

Agathe and Réjean Lapointe are about to celebrate their twentieth wedding anniversary when Réjean's beloved Chevy Silverado is found abandoned at the side of the road--with no trace of Réjean. As her hope dwindles, Agathe falls in with her spirited coworker, Debbie, who teaches Agathe about rock and roll, and with Martin Bureau, the one man who might know the truth about Réjean's fate. Set against the landscape of rural Acadia, I Am a Truck is a funny and moving tale about the possibilities and impossibilities of love and loyalty.

An interactive, resume-building software.

Special edition slipcase edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of The Fault in our Stars. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time--with twenty arresting new photos and an extensive Q&A with the author--Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award "Extraordinarily moving . . . a powerfully drawn survival epic."--The Wall Street Journal "[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurbly adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring."--New York "Staggering . . . mesmerizing . . . Hillenbrand's writing is so ferociously cinematic, the events she describes so incredible, you don't dare take your eyes off the page."--People "A meticulous, soaring and beautifully written account of an extraordinary life."--The Washington Post "Ambitious and powerful . . . a startling narrative and an inspirational book."--The New York Times Book Review "Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times."--The Dallas Morning News "An astonishing testament to the superhuman power of tenacity."--Entertainment Weekly "A tale of triumph and redemption . . . astonishingly detailed."--O: The Oprah Magazine "[A] masterfully told true story . . . nothing less than a marvel."--Washingtonian "[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter's pace."--Time "Hillenbrand [is] one of our best writers of narrative history. You don't have to be a sports fan or a war-history buff to devour this book--you just have to love great storytelling."--Rebecca Skloot, author of The Immortal Life of Henrietta Lacks

THE INSIDE STORY OF THE EPIC TURNAROUND OF FORD MOTOR COMPANY UNDER THE LEADERSHIP OF CEO ALAN MULALLY. At the end of 2008, Ford Motor Company was just months away from running out of cash. With the auto industry careening toward ruin, Congress offered all three Detroit automakers a bailout. General Motors and Chrysler grabbed the taxpayer lifeline, but Ford decided to save itself. Under the leadership of charismatic CEO Alan Mulally, Ford had already put together a bold plan to unify its divided global operations, transform its lackluster product lineup, and overcome a dysfunctional culture of infighting, backstabbing, and excuses. It was an extraordinary risk, but it was the only way the Ford family--America's last great industrial dynasty--could hold on to their company. Mulally and his team pulled off one of the greatest comebacks in business history. As the rest of Detroit collapsed, Ford went from the brink of bankruptcy to being the most profitable automaker in the world. American Icon is the compelling, behind-the-scenes account of that epic turnaround. On the verge of collapse, Ford went outside the auto industry and recruited Mulally--the man who had already saved Boeing from the deathblow of 9/11--to lead a sweeping restructuring of a company that had been unable to overcome decades of mismanagement and denial. Mulally applied the principles he developed at Boeing to streamline Ford's inefficient operations, force its fractious executives to work together as a team, and spark a product renaissance in Dearborn. He also convinced the United Auto Workers to join his fight for the soul of American manufacturing. Bryce Hoffman reveals the untold story of the covert meetings with UAW leaders that led to a game-changing contract, Bill Ford's battle to hold the Ford family together when many were ready to cash in their stock and write off the company, and the secret alliance with Toyota and Honda that helped prop up the American automotive supply base. In one of the great management narratives of our time, Hoffman puts the reader inside the boardroom as Mulally uses his celebrated Business Plan Review meetings to drive change and force Ford to deal with the painful realities of the American auto industry. Hoffman was granted unprecedented access to Ford's top executives and top-secret company documents. He spent countless hours with Alan Mulally, Bill Ford, the Ford family, former executives, labor leaders, and company directors. In the bestselling tradition of Too Big to Fail and The Big Short, American Icon is narrative nonfiction at its vivid and colorful best.

A monumentally devastating plague leaves only a few survivors who, while experiencing dreams of a battle between good and evil, move toward an actual confrontation as they migrate to Boulder, Colorado.

A monumentally devastating plague leaves only a few survivors who, while experiencing dreams of a battle between good and evil, move toward an actual confrontation as they migrate to Boulder, Colorado.
