on-premises IT deployments that include Active Directory Domain Services (AD DS), virtualisation technologies and applications. The students typically work for organisations that are planning to locate some or all of their infrastructure services on Azure.

Microsoft Course 20533 - Implementing Microsoft Azure ...

Cloud services, such as Microsoft Azure, are updated frequently. This leads to issues for Microsoft Certified Trainers (MCTs) when they teach courses, such as 20532: Developing Microsoft Azure Solutions or 20533: Implementing Microsoft Azure Infrastructure Solutions, because lab steps change frequently as the service changes. Due to the frequency of the changes and the fact that there may not be any notification when changes occur, it can be difficult for the course development team to ...
