Plus v4.10.090 - win

The CMD.04 dongle can be used for various products (like Desigo CC, XWorks plus etc.), but always together with a specific license file. This means that it is the license file which defines the licensed product or licensed features. The CMD.04 dongle is useless, if you do not have the license file. You should have received an Entitlement Certificate with the activation ID. You can find the ...
