In Latin America, a Biden White House faces a rising China ... Faces of Latin America examines some of the key forces- from conquest and the growth of the commodity trade, military rule, land distribution, industrialization, and migration to civil wars and revolutions, the debt crisis, neoliberalism, and NAFTA- shaping the region's political and social history.

Faces of Latin America - 4th Edition by Duncan Green, Sue ... "Faces of Latin America celebrates the vibrant culture of Latin America's people and looks at some of the key actors in the region's turbulent politics - the military, Indians, grassroots protest groups, guerrillas, the radical Church and the women's movement."

Faces of Latin America (Book, 1997) [WorldCat.org] Faces of Latin America examines some of the key forces—from conquest and the growth of the commodity trade, military rule, land distribution, industrialization, and migration to civil wars and revolutions, the debt crisis, neoliberalism, and NAFTA—shaping the region ' s political and social history.

Faces of Latin America has sold more than 50,000 copies since it first appeared in 1991, and is widely considered to be the best available introduction in English to the economies, politics, demography, social structures, environment and cultures of Latin America. Duncan Green and Sue Branford take the reader beyond the conventional media ' s fixation on the drug trade, corrupt politicians and military leaders, death squads, and guerrilla movements to celebrate the vibrant history and culture of Latin America ' s people. Faces of Latin America examines some of the key forces—from conquest and the growth of the commodity trade, military rule, land distribution, industrialization, and migration to civil wars and revolutions, the debt crisis, neoliberalism, and NAFTA—shaping the region ' s political and social history. Green also analyzes the response to these transformations—the rise of freedom fighters and populists, guerrilla wars and grassroots social movements, union organizing and trade movements, liberation theology, and the women ' s movement, sustainable development and the fight for the rainforest, popular culture and the mass media—providing a fascinating and unparalleled portrait of the continent. This new edition is thoroughly updated and covers recent developments in Latin America such as the growing costs of export agriculture, the rise of Brazilian manufacturing, connections between the war on drugs and the war on terror, the social costs of neoliberalism, the Argentinian default, the search for new economic models in Venezuela and elsewhere, the decline in direct U.S. military intervention in the region, growing urbanization, urban poverty and casual employment, outmigration and the importance of family remittances from abroad, rampant environmental destruction, the struggles of indigenous movements, and more.

Faces of Latin America celebrates the vibrant culture of Latin America's people and looks at some of the key actors in the region's turbulent politics - the military, Indians, grassroots protest groups, guerrillas, the radical Church and the women's movement. The second edition of this best-selling introduction to Latin America has been extensively updated and enlarged, providing an unparalleled portrait of the continent at the end of the millennium. Duncan Green traces the roots of the region's underdevelopment and poverty, with a new chapter on the role of the state, as well as sections on life in the city and the countryside, and Latin America's recent conversion to the free-market economy.

PRAISE FOR THE PREVIOUS EDITIONS: "Rare is the book in English that provides a general overview of Latin America and the Caribbean. Rarer still is the good, topical, and largely dispassionate book that contributes to a better understanding of the rest of the hemisphere. Peter Winn has managed to produce both."—Miami Herald "This magisterial work provides an accessible and engaging introduction to the complex tapestry of contemporary Latin America and the Caribbean."—Foreign Affairs "A clear, level-headed snapshot of a region in transition.... Winn is most interesting when he discusses the larger issues and to his credit he does this often."—Washington Post Book World "Balanced and wide-ranging.... After canvassing the legacies of the European conquerors, Winn examines issues of national identity and economic development.... Other discussions survey internal migration, the role of indigenous peoples, the complexity of race relations, and the treatment of women."—Publishers Weekly

"Simple, unpretentious narrative makes this volume an accessible and inviting source for nonspecialists. Its many photographs enhance the appeal of the book and provide the faces referred to in the title. Throughout the volume, framed insets open up the text to provide an occasional 'window' for a statistical table, a biographical sketch, or to give voice to a first-person narrative that humanizes the text."--Multicultural Review

There is something that makes Latin America unique, different from all of the other places in the world. Take away all of the magnificent colors, the parrot reds, the mellow yellows, the ocean blues and the pasture greens and you will see, in black and white, it is the soul of the people. This is a book of photographs by George Owen with some of those faces.

"This monograph is a hist ...
