~~Sustainable Behavior An Introduction~~

To create a sustainable future, we must not only change our own actions, we must educate and encourage those around us to change theirs. How then do we go about transforming people's good intentions into action? Fostering Sustainable Behavior explains how the field of community-based social marketing has emerged as an effective tool for encouraging positive social change.

~~Fostering Sustainable Behavior: An Introduction to ...~~

A healthy sustainable community is in large part the result of each of its members. When members of a community adopt healthy habits - by getting more exercise, for example - the community becomes a healthier one. When the members use resources wisely - by recycling, for example - the community moves towards sustainability.
