Everything you need to prepare for the ITIL exam – Accredited to 2011 syllabus The ITIL (Information Technology Infrastructure Library) exam is the ultimate certification for IT service management. This essential resource is a complete guide to preparing for the ITIL Foundation exam and includes everything you need for success. Organized around the ITIL Foundation (2011) syllabus, the study guide addresses the ITIL Service Lifecycles, the ITIL processes, roles, and functions, and also thoroughly explains how the Service Lifecycle provides effective and efficient IT services. Offers an introduction to IT service management and ITIL V3 service strategy Highlights the topics of service design and development and the service management processes Reviews the building, testing, authorizing, documenting, and implementation of new and changed services into operation Addresses creating and maintaining value for customers through monitoring and improving services, processes, and technology Download valuable study tools including practice exams, flashcards, a glossary of key terms and more. If you prefer self-study over the more expensive training course, but you don't want to skimp on information or preparation, then this study guide is for you.

ITIL is a widely adopted body of knowledge and best practices for successful IT Service Management that links with training and certification. ITIL 4 has evolved from the current version by re-shaping much of the established ITSM practices in the wider context of customer experience; value streams and digital transformation; as well as embracing new ways of working, such as Lean, Agile, and DevOps. ITIL 4 provides the guidance organizations need to address new service management challenges and utilize the potential of modern technology. It is designed to ensure a flexible, coordinated and integrated system for the effective governance and management of IT-enabled services. "ITIL Foundation" is the first ITIL 4 publication and the latest evolution of the most widely-adopted guidance for ITSM. Its audience ranges from IT and business students taking their first steps in service management to seasoned professionals familiar with earlier versions of ITIL and other sources of industry best practice. The guidance provided in this publication can be adopted and adapted for all types of organizations and services. To show how the concepts of ITIL can be practically applied to an organization's activities, ITIL Foundation follows the exploits of a fictional company on its ITIL journey.

Ensure your success on the ITIL Foundation exam with these 100 exam questions with detailed rationale and BONUS sample exam. Each and every question closely resemble the types and format of questions you will experience on your exam. This representative sample of questions covers definitions and terms, process activities and relationships, key concepts and questions from other topics that you will see on your exam.

Complete, detailed preparation for the Intermediate ITIL Service Lifecycle exams ITIL Intermediate Certification Companion Study Guide is the ultimate supporting guide to the ITIL Service Lifecycle syllabus, with full coverage of all Intermediate ITIL Service Lifecycle exam objectives for Service Operation, Service Design, Service Transition, Continual Service Improvement, and Service Strategy. Using clear and concise language, this useful companion guides you through each Lifecycle module and each of the process areas, helping you understand the concepts that underlie each skill required for certification. Illustrative examples demonstrate how these skills are applied in real-life scenarios, helping you realize the importance of what you're learning each step of the way. Additional coverage includes service strategy principles and processes, governance, organization, implementation, and technology considerations, plus guidance toward common challenges and risks. ITIL is the most widely adopted approach for IT Service Management in the world, providing a practical, no-nonsense framework for identifying, planning, delivering, and supporting IT services to businesses. This study guide is the ultimate companion for certification candidates, giving you everything you need to know in a single informative volume. Review the information needed for all five Lifecycle exams Examine real-life examples of how these concepts are applied Gain a deeper understanding of each of the process areas Learn more about governance, organization, implementation, and more The Intermediate ITIL Service Lifecycle exams expect you to demonstrate thorough knowledge of the concepts, processes, and functions related to the modules. The certification is recognized around the world as the de facto standard for IT Service Management, and the skills it requires increase your value to any business. For complete, detailed exam preparation, ITIL Certification Companion Study Guide for the Intermediate ITIL Service Lifecycle Exams is an invaluablely effective tool.

ITIL Practitioner Guidance is the essential reference text which accompanies the ITIL Practitioner qualification. Fully integrated with the ITIL Practitioner syllabus, this publication is also a practical guide that helps IT service management (ITSM) professionals turn ITIL theory into practice through case studies, worksheets, templates and scenarios. The book assumes knowledge of ITIL and ITSM up to ITIL Foundation level, and begins with a discussion of the guiding principles of ITSM. It goes on to explain how these guiding principles are essential for ITSM and how they relate to philosophies, frameworks and methodologies such as DevOps, Lean, Agile etc. The publication shows how following the CSI (continual service improvement) approach, and how the core skills of organizational change management, communication, metrics and measurement, can underpin successful ITSM improvement initiatives.

Pass the ITIL Foundation examination by learning the basics of ITIL and working through real-life examples. This book breaks the course down for studying in 7 days with 3 hours a day, which means at the end of a week you are ready to pass the exam. You'll also see tips and an array of sample questions, as well as FAQs on ITIL. All this will prepare you for the examination and give you the knowledge required to pass with flying colors. After using Become ITIL Foundation Certified in 7 Days and earning the ITIL Foundation certification, you'll be well placed to get the career you always wanted. What You Will Learn Gain ITIL basics – the entire syllabus designed of the ITIL Foundation certification Obtain a deep-rooted understanding of ITIL topics and not textbook knowledge Prepare for the ITIL Foundation examination Sort out career-related queries and decide whether ITIL will aid your career Who This Book Is For IT professionals from the IT services industry are the primary audience.

ITIL® 4 Essentials contains everything you need to know to pass the ITIL 4 Foundation Certificate, plus more.
