4. Equality, inclusivity and diversity. The governing body promotes a positive culture which supports ethical behaviour, equality, inclusivity and diversity across the institution, including in the governing body's own operation and composition.

The Higher Education Code of Governance

With the rise of marketisation in higher education in England and Wales, the idea of what constitutes a model for good governance has come under pressure. Universities have been exposed to and have taken on greater risk, without a corresponding coherent story of the positive outcomes that should result.

KPMG Global

Governance in higher education is the means by which institutions for higher education (tertiary or post-secondary education) are formally organized and managed (though often there is a distinction between definitions of management and governance). Simply, university governance is the way in which universities are operated. Governing structures for higher education are highly

Perspectives ...

Drawing on the authors' investigation of
the governance of higher education in the
four UK nations, including extensive on-
site interviews, and discussions with
government policy-makers, the book
shows how global, national and system
level pressures have changed the face both
of the external governance of higher
education institutions and how universities
govern themselves.
