On Horizon, your user account can be shared across your IP handset, your desktop client, and mobile client, if applicable. This means that if a call is delivered to your user account, it will access all clients attached to the service, as well as your IP handset. This allows you to take the call using a device of your choice.

Click Help in the Horizon Client user interface, or go to the Horizon Client documentation page for your device. For example, if you have a Windows computer, click VMware Horizon Client for Windows Documentation in the table of contents on the left and read the VMware Horizon Client for Windows User Guide. Documentation for System Administrators

VMware Horizon Client Documentation

Press and hold the power switch; while the wheel is turning and the tachometer is mea- suring the selected function, the function will be indicated, and the unit of measure func- tion will be flashing. 3. Release the power switch before disengaging the tachometer in order to capture the last reading. 4.
