Imagining The Congo The International

It looks specifically at how what it calls the "imaginings" of the Congo have allowed the current state of affairs there to develop, but also looks at the broader conceptual question of how the concept of identity has developed and become important in international relations scholarship.

Imagining the Congo: The International Relations of ...

Understanding the current civil war in the Congo requires an examination of how the Congo's identity has been imagined over time. Imagining the Congo historicizes and contextualizes the constructions of the Congo's identity in order to analyze the political implications of that identity, looking in detail at four historical periods in which the identity of the Congo was contested, with numerous forces attempting to produce and attach meanings to its territory and people.

Imagining the Congo - The International Relations of ...

Imagining the Congo historicizes and contextualizes the constructions of the Congo's identity during four historical periods. Kevin Dunn explores "imaginings" of the Congo that have allowed the current state of affairs there to develop, and the broader conceptual question of how identity has become important in recent IR scholarship
