class, race and gender Weblinks and Further Reading sections encourage and support further investigation Changes for this edition: Brand new chapter addresses how culture is researched and knowledge in cultural studies is produced Brand new chapter on the Postmodernisation of Everyday Life Includes hot topics such as globalization, youth subcultures, 'virtual' cultures, body modification, new media, technologically-assisted social networking and many more This text will be core reading for undergraduates and postgraduates in a variety of disciplines - including Cultural Studies, Communication and Media Studies, English, Geography, Sociology, and Social Studies – looking for a clear and comprehensible introduction to the field.

"An outstanding entry level text aimed at those with little or no cultural studies knowledge... Innovative, creative and clever." - Times Higher Education "The ideal textbook for FE and first year HE cultural studies students. Its quality and character allow the reader to 'feel' the enthusiasm of its author which in turn becomes infectious, instilling in the reader a genuine sense of ebullient perturbation." - Art/Design/Media, The Higher Education Authority An introduction to the practice of cultural studies, this book is ideal for undergraduate courses. Full of practical exercises that will get students thinking and writing about the issues they encounter, this book offers its readers the conceptual tools to practice cultural analysis for themselves. There are heuristics to help students prepare and write projects, and the book provides plenty of examples to help students develop their own ideas. Written in a creative, playful and witty style, this book: Links key concepts to the key theorists of cultural studies. Includes a wide range of references of popular cultural forms. Emphasizes the multidisciplinary nature of cultural studies. Includes pedagogical features, such as dialogues, graphs, images and recommended readings. The book's skills-based approach enables students to develop their creative skills, and shows students how to improve their powers of analysis generally. To listen to David Walton's musical response to Adorno's famous essay on jazz, please visit Adorno: Jazz Perennial Fashion . This song accompanies pages 64 to 66 of the book together with a series of questions designed to get readers to evaluate the positive and negative aspects of Adorno's approach.

Explores the origins of the field in Britain and its migration to the USA, Canada, France, Australia, and South Asia, examining the ideas of its leading exponents and providing a flavor of its use around the world.

This book traces the origins of cultural studies in Britain, and its dissemination in the United States, Canada, France, Australia, and South Aisa.

An ideal introduction, explaining the history and key concerns of cultural studies

Cultural Studies signals a major academic revolution for the 21st century. But what exactly is it, and how is it applied? It is a discipline that claims not to be a discipline; it is a radical critical approach for understanding racial, national, social and gender identities. "Introducing Cultural Studies" provides an incisive tour through the minefield of this complex subject, charting its origins in Britain and its migration to the USA, Canada, France, Australia and South Asia, examining the ideas of its leading exponents and providing a flavour of its use around the world. Covering the ground from Gramsci to Raymond Williams, postcolonial discourse to the politics of diaspora, feminism to queer theory, technoculture and the media to globalization, it serves as an insightful guide to the essential concepts of this fascinating area of study. It is essential reading for all those concerned with the quickening pulse of old, new and emerging cultures.

"This book presents a magisterial overview of Cultural Studies, and of studies of culture more broadly. It synthesizes a bewildering range of writers and ideas into a comprehensible narrative. It's respectful to the history of ideas and completely cutting edge. I learned a lot – you will too." - Professor Alan McKee, University of Technology Sydney "The role of culture in spatial, digital and political settings is a vital aspect of contemporary life. Barker and Jane provide an excellent introduction to Cultural Studies' relationship to these core issues, both through a clear explanation of key concepts and thinkers, alongside well chosen examples and essential questions." - Dr David O'Brien, Goldsmiths, University of London With over 40,000 copies sold, Cultural Studies: Theory and Practice has been the indispensable guide to studying culture for generations of students. Here is everything students need to know, with all the key concepts, theories and thinkers in one comprehensive, authoritative yet accessible resource. Teaching students the foundations of cultural studies - from ideology, representation and discourse to audiences, subcultures and cultural policy - this revised edition: Fully explores the ubiquity of digital media culture, helping readers analyse issues surrounding social media, surveillance, cyber-activism and more Introduces students to all the key thinkers they'll encounter, from Stuart Hall and Michel Foucault to Judith Butler and Donna Haraway Balances the classics with cutting edge theory, including case studies on e-commerce, the self-help industry, the transgender debate, and representations of race Embraces popular culture in all of its diversity, from drag kings and gaming, to anime fandom and remix cultures Is re-written throughout with a new co-author, making it a more enjoyable read than ever. Unmatched in coverage and used world-wide, this is the essential companion for all students of cultural studies, culture and society, media and cultural theory, popular culture and cultural sociology.
