Non-retroactivity, the principle of legality or, if you are into Latin, nullum crimen nulla poena sine lege (no crime, no punishment without law). And precisely what does Article 7(1) say exactly? No one shall be held guilty of any criminal offence on account of any act or omission which did not constitute a criminal offence under national or international law at the time that it was committed.

Cold facts and warm bodies: Jacob Zuma's quest for justice without law. 13 April 2016. South African President Jacob Zuma's remarks about the law last week to the National House of Traditional Leaders in Pretoria were cryptic. But the timing was telling. I think we can resolve these matters in an African way, not through the law.

Justice without law? - OPINION | Politicsweb

"An insightful and scholarly historical survey of the myriad ways in which disputes have been handled 'outside' the law and usually, though not necessarily, without lawyers."-- New York Law Journal "Auerbach masterfully chronicles how the American legal profession has consistently routed the forces of nonconfrontational dispute resolution throughout American history.

Justice: advancing access to human rights and the rule of law. Due to COVID-19, all criminal trials have been suspended. JUSTICE considers it vital that solutions are found to ensure trials can restart as soon as possible. For these reasons we have been testing whether, during this emergency when the risk of infection is so dangerous, technology can support virtual jury trials

JUSTICE is an all-party law reform and human rights organisation working to strengthen the justice system – administrative, civil and criminal – in the United Kingdom. We are a membership organisation, primarily of the legal profession, comprising barristers, solicitors, legal executives, academic lawyers, law students and interested non-lawyers. We work on an all-party basis, seeking to inform debate, frame issues and influence decision-makers from across the political spectrum.

Associate Justice James F. Byrnes, whose short tenure lasted from June 1941 to October 1942, was the last Justice without a law degree to be appointed; Stanley Forman Reed, who served on the Court from 1938 to 1957, was the last sitting Justice from such a background. In total, of the 114 Justices appointed to the Court, 49 have had law degrees, an additional 18 attended some law school but did not receive a degree, and 47 received their legal education without any law school attendance.

An examination of various types of litigation - arbitration, mediation, and conciliation.

Describes the disadvantages of litigation, looks at what the American legal system suggests about our society, and discusses arbitration, mediation, and conciliation, alternatives to our adversary approach to justice.

The Chinese have, since ancient times, professed a non-litigious outlook. Similarly, their preference for mediation has fascinated the West for centuries. Mediation has been popularized by the Chinese who subscribe to the Confucian notions of harmony and compromise. It has been perpetuated in the People's Republic of China and by the overseas Chinese communities elsewhere, such as in Malaysia and Taiwan. Seen as the chief contributing factor in their litigation-averse nature, as well as the reason behind the significant role given to traditional mediation, this compelling book traces the cultural tradition of the Chinese. It uses rural Chinese Malaysians as illustrative examples and offers new insights into the nature of mediation East and West. It is an important reference and essential resource for anyone keen to learn about traditional Chinese concepts of law, justice and dispute settlement. Equally, it makes a unique contribution to the existing ADR literature by undertaking a socio-

legal study on traditional Chinese mediation.

Quid Pro Books presents the new Fourth Edition of Justice Without Trial, the edition featuring a light blue or light green cover and adding a new Foreword by Candace McCoy. [NOTE: Versions with a purple, white or gray cover are of much earlier editions, even if this description appears on their product pages.] This is the acclaimed and foundational study of police culture and practice, political accountability, application of and obedience to the rule of law in stops and arrests, and the dilemma of law versus order in free societies-by the renowned sociologist Jerome Skolnick using innovative and influential research techniques in law and criminology. A respected scholar in the early law and society movement, Skolnick interviewed police and criminals, rode extensively with police detectives and attended interrogations, and ultimately saw police conduct and mentality from the inside, before such methodology became popular. Every student of law and society knows this book: now it is available again with a new Foreword by Dr. McCoy and a new Preface by the author. Fifty years after his innovative research began, the continuity and change of policing and law is seen again, in all its richness and nuance. Part of the Classics of Law & Society Series of Quid Pro Books. Available in print and parallel digital formats for easy classroom adoption and diverse research options.

Includes details on how private sector institutions can support social order, foster cooperation and reduce violent confrontations.

Where To Download Justice Without Law

Focuses on the elite nature of the profession, with its emphasis on serving business interests and its attempt to exclude participation by minorities.

A thorough discussion of two broken employment-contract cases accompanies authoritative advice on choosing a lawyer, finding the right mediator, cutting legal costs, and resolving disputes without going to court
