Kate Chopin shows the reader what is happening without ever judging the characters or patronising the reader. The reader can judge Edna but such judgements would be foolish without taking time to try to understand her. This tale is still very relevant today although it not as shocking as it probably was in 1899.

The Awakening was my first book for the Feminist February reading challenge. I chose The Awakening because it was first published in 1899, and apparently caused a scandal with its descriptions of female infidelity. (It's also free on Kindle!) Why is it that, although written in the 1800's, that The Awakening is still relevant today?

Classic Books Library presents this brand new edition of "The Awakening, and Selected Short Stories" by Kate Chopin. "The Awakening" (1899) is set in New Orleans during the turn-of-the-century. The story navigates the moral, emotional and intellectual journey of a Victorian woman as she balances self-discovery, creativity and her growing independence with married life and societal expectations. It has also been noted for its critique of upper-class tendencies in the American South. As Edna attempts to reconcile her own desires with domesticity and the pressures of traditional duty, it seems that solitude may be the only answer. Kate Chopin (1850-1904) was an American author, born in St. Louis, Missouri as Katherine O'Flaherty. Known for her critical short stories and inclusion of women's issues in her writing, Chopin is now praised as a forerunner of American feminist literature in addition to being thought of as a precedent of early American Modernism. Other stories in this collection include: "Beyond the Bayou," "Ma'ame Pelagie," "Desiree's Baby," "A Respectable Woman," "The Kiss," "A Pair of Silk Stockings," "The Locket," and "A Reflection."

and critics. The novel's blend of realistic narrative, incisive social commentary, and psychological complexity makes *The Awakening* a precursor of American modernist literature; it prefigures the works of American novelists such as William Faulkner and Ernest Hemingway and echoes the works of contemporaries such as Edith Wharton and Henry James. It can also be considered among the first Southern works in a tradition that would culminate with the modern masterpieces of Faulkner, Flannery O'Connor, Eudora Welty, Katherine Anne Porter, and Tennessee Williams. Summary[edit] The novel opens with the Pontellier family—Léonce, a New Orleans businessman of Louisiana Creole heritage; his wife Edna; and their two sons, Etienne and Raoul—vacationing on Grand Isle at a resort on the Gulf of Mexico managed by Madame Lebrun and her two sons, Robert and Victor. Edna spends most of her time with her close friend Adèle Ratignolle, who cheerily and boisterously reminds Edna of her duties as a wife and mother. At Grand Isle, Edna eventually forms a connection with Robert Lebrun, a charming, earnest young man who actively seeks Edna's attention and affections. When they fall in love, Robert senses the doomed nature of such a relationship and flees to Mexico under the guise of pursuing a nameless business venture. The narrative focus moves to Edna's shifting emotions as she reconciles her maternal duties with her desire for social freedom and to be with Robert. When summer vacation ends, the Pontelliers return to New Orleans. Edna gradually reassesses her priorities and takes a more active role in her own happiness. She starts to isolate herself from New Orleans society and to withdraw from some of the duties traditionally associated with motherhood. Léonce eventually talks to a doctor about diagnosing his wife, fearing she is losing her mental faculties. The doctor advises Léonce to let her be and assures him that things will return to normal. When Léonce prepares to travel to New York City

on business, he sends the boys to his mother. Left home alone for an extended period gives Edna physical and emotional room to breathe and reflect on various aspects of her life. While her husband is still away, she moves out of their home and into a small bungalow nearby and begins a dalliance with Alcée Arobin, a persistent suitor with a reputation for being free with his affections. Edna is shown as a sexual being for the first time in the novel, but the affair proves awkward and emotionally fraught..... Kate Chopin, born Katherine O'Flaherty (February 8, 1850 - August 22, 1904), was an American author of short stories and novels based in Louisiana. Seminar paper from the year 2007 in the subject American Studies - Literature, grade: 1,7, Humboldt-University of Berlin (Institut für Anglistik/Amerikanistik), course: "Death and Sexuality in Early American Narratives," language: English, abstract: In the following paper I will subject the character of Edna Pontellier in Kate Chopin's *The Awakening* to a critical analysis. Edna Pontellier's death at the end of the novel is not the essential sense. Since the society of her time cannot allow such an "awakening" of individuality to take place, Edna is fated to die. Therefore death is a forgone conclusion. Given that Kate Chopin tried to paint the picture of a truly liberated, independent, and individual woman, she cannot let Edna go back to her conventional life, which would be the only alternative. Following the biography of Kate Chopin closely, the reader discovers many parallels between Kate Chopin's life and the character of Edna Pontellier. The novel does not, as some critics of Kate Chopin's time have claimed, lack

"authorial comment and judgement."1 Kate Chopin's novel was meant as a judgement of the Creole society of her time. Therefore it is important to examine the characters and the events that are crucial for the development that leads to the tragic end of Edna Pontellier. Starting with her husband, Leonce Pontellier, whom she does not love, I will discuss in what way the main characters Adele Ratignolle, Mademoiselle Reisz, Alcee Arobin and Robert Lebrun are responsible for Edna's "awakening."
