This complete self-study course on coding combines content,

Bookmark File

PDF Medical

practice, and self-assessment into one online learning tool that the learner can follow at his or her own pace. The online program assumes the role of instructor, guiding individuals through the material and directing them when to read relevant sections from the text, checking their comprehension along the way, and

Bookmark File PDF Medical

providing feedback and encouragement. Users follow the program and learn at their own pace, working through chapter "lesson lectures" and reading assigned sections of the text as they progress.

Interactive exercises, questions, and activities allow users to check their comprehension and learn from immediate

Bookmark File PDF Medical

feedback. Illustrations clarify concepts and familiarize students with the clinical procedures they are learning to code. Chapter exams are scored and incorporated in a grade book, which users can view to evaluate their progress. A series of approximately 18 SlideShows with audio narration explain and

Bookmark File

PDF Medical

demonstrate clinical procedures. Hypertext links incorporated into the lesson lectures open pop-up boxes with further explanations and/or definitions of concepts and terms.

Links to relevant web sites provide additional resources to enhance learning or stimulate discussion within a cohort group. An

Bookmark File

PDF Medical

extensive glossary of approximately 650 terms provides correct definition for key terms throughout the course.

All content has been updated to current industry standards; for use with Step-by-Step Medical Coding, 5th Edition ensuring that students learn from the most up-to-date material available. Each online
