Charles Stanley turned **PYE** Radio into a multinational company with thirty thousand employees that contributed to Britain's victory in World War II. **PYE** Radio went on to become a world leader in mobile communications, helping shape the modern media age. However, by 1966 Stanley had lost both his company and his reputation. This researched text is written within the broad context of the political, technological and business changes of the time, and shows how a very ambitious businessman was brought down by the qualities that made him so successful.

"...a daunting triumph of will pushing its way through imposing roadblocks to a magical country, an absurdist nirvana of humor, pathos, and loss..."-Time magazine **A Void** is a metaphysical whodunit, a story chock-full of plots and subplots, of trails in pursuit of trails, all of which afford **Perec** occasion to display his virtuosity as a verbal magician. It is also an outrageous verbal stunt: a 300-page novel that never once employs the letter **E**. The year is 1968, and as France is torn apart by social and political anarchy, the noted eccentric and insomniac Anton Vowl goes missing. Ransacking his Paris flat, his best friends scour his diary for clues to his whereabouts. At first glance these pages reveal nothing but Vowl's penchant for word games, especially for "lipograms," compositions in which the use of a particular letter is suppressed. But as the friends work out Vowl's verbal puzzles, and as they investigate various leads discovered among the entries, they too disappear, one by one by one, and under the most mysterious circumstances. . .

'My dear, I don't give a damn.' Margaret Mitchell' s page-turning, sweeping American epic has been a classic for over eighty years. Beloved and thought by many to be the greatest of the American novels, *Gone with the Wind* is a story of love, hope and loss set against the tense historical background of the American Civil War. The lovers at the novel' s centre – the selfish, privileged Scarlett O' Hara and rakish Rhett Butler – are magnetic: pulling readers into the tangled narrative of a struggle to survive that cannot be forgotten. **WINNER OF NATIONAL BOOK AWARD AND PULITZER PRIZE** 'For sheer readability I can think of nothing it must give way before' *The New Yorker* 'What makes some people come through catastrophes and others, apparently just as able, strong, and brave, go under?' *Margaret Mitchell*

"... Family reunions, class reunions, service reunions ... A-to-Z guide to reunions that leaves nothing to chance..." --back cover.

" Whaling and Fishing " offers the reader an authentic glimpse into the life of a sailor, attempting to dispel the romance often attributed to it by exploring both what may be enjoyed and what must be endured. Based on the author own experience as a whaler, this volume is recommended for those with an interest in the maritime history and of whaling in particular, and it would make for a worthy addition to collections of angling literature. Contents include: " Whalemen Wanted! ", " A Whaling Shipping Office ", " The Man-of-Wars-Man ", " The Merchant Seaman ", " The Whale-man ", " Talk with the Shipper ", " I Determine on a Whaling Cruise ", " New Bedford ", " The Town ", " The Wharves ", " The Shipping Office ", " Prospective Whalemen ", " Old Bill ", " The Outfit " etc. Many vintage books such as this are becoming increasingly scarce and expensive. It is with that in mind that we are republishing this volume now in a modern, high-quality edition complete with a specially commissioned new biography of the author.

Two trailblazing novels by Georges **Perec**, *Things*: Jerome and Sylvie, the young upwardly mobile couple, lust for the good life. They wanted life's enjoyment, but this equated to ownership. *A Man Asleep*: A nameless student attempts to purify himself entirely of material desires and ambitions.

A history of the **Tank Corps** from 1919 up until the time when, as the **Royal Tank Regiment**, it went to war again in 1939. The book chronicles the events and innovations of the years between the wars.
