Painting a Target on HPV | Cervical Dysplasia Treatment ...

" Painting a Target on HPV is an evidence-based, detailed exploration of everything that is known about the human papillomavirus--the virus that causes cervical cancer. In contrast to what your doctor has likely told you, a "wait-and-see" strategy for a HPV infection and for mild dysplasia may not be in your best interest and often results in unnecessary surgery and years of recurrent dysplasia, grief and fear that you will get cervical cancer.

Painting a Target on Hpv : Dr. Nick's Natural Treatment ...

Painting a Target on HPV (2015) by Dr. Nick Leroy is a welcome publication in the field of research on this virus. Much of what has been written on HPV for the non-medical reader (who is likely searching out this information because of an HPV-positive diagnosis) is either too scientific to be understandable or too anecdotal to be helpful. Dr.
