The new Pearson Chemistry program combines our proven content with cutting-edge digital support to help students connect chemistry to their daily lives. With a fresh approach to problem-solving, a variety of hands-on learning opportunities, and more math support than ever before, Pearson Chemistry will ensure success in your chemistry classroom. Our program provides features and resources unique to Pearson--including the Understanding by Design Framework and powerful online resources to engage and motivate your students, while offering support for all types of learners in your classroom.

Authored by Paul Hewitt, the pioneer of the enormously successful "concepts before computation" approach, Conceptual Physics boosts student success by first building a solid conceptual understanding of physics. The Three Step Learning Approach makes physics accessible to today's students. Exploration - Ignite interest with meaningful examples and hands-on activities. Concept Development - Expand understanding with engaging narrative and visuals, multimedia presentations, and a wide range of concept-development questions and exercises. Application - Reinforce and apply key concepts with hands-on laboratory work, critical thinking, and problem solving.

Appealing graphics boost students' interest and understanding of chemistry. Chemistry--looking at what matter is made of and how it behaves, down to the subatomic level--comes alive with this new text. With enticing, full-color graphics and page layouts that draw students in, Chemistry provides a clear, sound basis of scientific knowledge. Besides presenting chemistry fundamentals, the text offers bonus features that dispel common myths and provide examples of connections between chemistry and the environment, technology, and consumer choices. It also presents real-life problems affecting the world and their chemistry-related solutions. In addition, Investigations and Express Labs give students added exposure to chapter concepts for greater comprehension. A perfect introduction to the field of chemistry. Lexile Level 880 Reading Level 3-4 Interest Level 6-12
