Jim Woodring: How To Draw FRANK Poochytown

Poochytown takes readers to the distant crumbling edge of the Unifactor, where the landscape's mind is either unfettered or unhinged, depending on your particular taste for mischief. What occurs there beggars description, so we will not even attempt it, but rest assured it is a dark-ride-of-the-soul as only the Frank stories can deliver.

Since I don't want to provide spoilers for those already familiar with the Unifactor, but who have not yet read Poochytown, I will try to sum it up concisely: Your ultimate destination is immutable, even if there are a variety paths leading there. I don't think anyone has brought the surreal to comic book format more effectively than Jim Woodring. To say this man is
