Meet Sparky. This adorable Dalmatian puppy is an important member of the team at the fire station. But he's more than just a cute character in a book: Sparky is the official spokesdog for the National Fire Protection Association (NFPA), and what he has to say can actually save lives. This canine hero rescued a little girl and her family, and now he's helping kids become junior fire inspectors right in their own homes. In colorful, appealing illustrations, Sparky takes a group of young animals through the neighborhood, pointing out hazards, giving basic fire prevention and safety tips, and showing them how to be prepared in case of an emergency. From having a working smoke alarm to being careful with candles and knowing where your exits are, Sparky's advice may be the most important thing children—and their parents—ever learn.

Speaking all over the United States about apologetics issues, Charlie Campbell has heard just about every question skeptics have to offer. In this concise, reader-friendly handbook, he provides brief responses to the top-40 questions that keep people from the faith, such as... What evidence do you have that God exists? How do you know the Bible is actually true? What about those who have never heard of Jesus? Will they be condemned to hell? If God is so loving, why does He allow evil and suffering? How can you say Jesus is the only way to heaven? Don't all religions basically teach the same thing? Aren't a lot of churchgoers hypocrites? With a gracious introductory note to skeptical readers and a generous sprinkling of inspiring quotes throughout, this handy resource is an enjoyable read as well as a powerful evangelistic tool.
