Church History in Ten Minutes Book Review of Religion Explained by Pascal Boyer Religion Explained The Evolutionary Origins

To explain a religious belief in evolutionary or naturalistic terms does not ipso facto invalidate the belief that deity exists. Of course, if one assumes that a belief is attributable to a cognitive faculty that is not aimed at truth, then the underlying mechanisms involved in our appropriating the belief would compromise the warrant of the belief.

Religion Explained - Wikipedia

Very often, it seems as though evolution and religion must be locked in a desperate struggle of life and death -- and for some religious beliefs, perhaps that impression is accurate. However, the fact that some religions and some religious dogmas are not entirely compatible with evolutionary biology does not mean that the same must be true for all religions or religion generally, nor does it mean that evolution and atheism somehow require each other.

Simon E. Davies at the Human Odyssey Facebook group, which posts content on mythology, created this incredible image of the Evolutionary Tree of Myth and Religion, which depicts the development of world religions throughout history, from 100,000 BCE to 2000 CE, and covering several different geographic regions—European, African, Semitic, Iranian, Indian, East Asian, Arctic, North American, South American, New Guinean/Australian and Oceanic.

Here's an Awesome Map of the Evolution of World Religions

However, Christian fundamentalists, in particular, may portray evolution and religion as in opposition to each other. Some people think that, to accept the key tenets of evolutionary thought is to deny their religious beliefs, and this prospect can generate considerable conflict.

Evolution and Religion

People usually take three basic positions on the origins of the cosmos, life, and man: (1) special or instantaneous creation, (2) developmental creation or theistic evolution, (3) and atheistic evolution. The first holds that a given thing did not develop, but was instantaneously and directly created by God.

Adam, Eve, and Evolution | Catholic Answers

Instead they use evolution to explain the existence of religion. Ultimately, to accept evolution as scientific fact, scientists (and indeed anyone) have to abandon the tenets of religion and accept...
