A collection of essays that celebrate the Doctor Who phenomenon from writers, including Tanya Huff, Paul Magrs, and Brit Mandelo.

A host of award-winning female novelists, academics and actresses come together to celebrate the phenomenon that is Doctor Who, discuss their rather inventive involvement with the show's fandom, and examine why they adore this series so much.

Covering genres from action/adventure and fantasy to horror, science fiction, and superheroes, this guide maps the vast and expanding terrain of graphic novels, describing and organizing titles as well as providing information that will help librarians to build and balance their graphic novel collections and direct patrons to read-alikes. u0026 Introduces users to approximately 1,000 currently popular graphic novels and manga u0026 Organizes titles by genre, subgenre, and theme to facilitate finding read-alikes u0026 Helps librarians build and balance their graphic novel collections

In Companion Piece, a follow-up book to the Hugo Award-winning Chicks Dig Time Lords, and the Hugo-nominated Chicks Unravel Time, a host of award-winning female writers, media professionals and more contribute essays that examine the wide array of humans, aliens and tin dogs who have accompanied the lead character of Doctor Who in his adventures throughout time and space.

Describes and lists the values of popular collectible comics and graphic novels issued from the 1950s to today, providing tips on buying, collecting, selling, grading, and caring for comics and including a section on related toys and rings.

In Whedonistas, a host of award-winning female writers and fans come together to celebrate the works of Joss Whedon (Buffy the Vampire Slayer, Angel, Firefly, Dollhouse, Doctor Horrible's Sing-Along Blog). By discussing the impact of Whedon's work, their involvement with his shows' fandoms and why they adore the worlds he's created, these essayists aim to misbehave in Whedon's rich, fantastical worlds. Essay topics include Sharon Shinn (Samaria series) and Emma Bull (Territory) elaborating on the perfection of Firefly, Jeanne Stein (the Anna Strong Chronicles) revealing Buffy's influence on Anna Strong, and Nancy Holker (October Rain, The Watcher's Guide) relating on-the-set tales of Spike menacing her baby daughter while Riley made her hot chocolate.Other contributors include Seanan McGuire (October Daye series), Elizabeth Bear (Chill), Catherynne M. Valente (Palimpsest), Maria Lima (Blood Lines), Jackie Kessler (Black and White), Mariah Huehner (IDW Comics), Sarah Monette (Corambis), and Lyda Morehouse (AngelLINK Series). Also featured is an exclusive interview with television writer and producer Jane Espenson.

In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant;better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

Music Sociology explores 16 different genres to demonstrate that music everywhere reflects social values, organisational processes, meanings and individual identity. Presenting original ethnographic research, the contributors use descriptions of subcultures to explain the concepts of music sociology, including the rituals that link people to music, the past and each other. Music Sociology introduces the sociology of music to those who may not be familiar with it and provides a basic historical perspective on popular music in America and beyond.
