My KDL 70R550A has 5 bling lights.  
One repair shop said bring it in and we  
will check it but they are almost 1.5 hrs  
away. A local shop said it's the LCD  
light panel and you can not even get a  
replacement. I think he is correct. He  
has been doing this type of work for  
along time. I am very disappointed in  
Sony... a \$2600 TV dead in just 5  
years!
