If you spend much time online, you can easily get the impression other people live in spotless homes while you're wondering why cleaning is stressing you out. Maybe you've spent a day (or more) imposing order and cleanliness throughout your house to make it look like all those other homes you see online or in magazines.

---

Why Cleaning Is Stressing You Out (and how to stop it)

Cleaning your house is the equivalent of smoking 20 packs of cigarettes a year. The culprit is not cleaning per se, It is official, research published online in the American Thoracic Society's American Journal of Respiratory and Critical Care Medicine shows that cleaning your house lead to decreased lung function.

The best way to clean your windows is to put one, just one, drop of Dawn detergent in a spray bottle of water. Shake it up just a little to mix it and spray and wipe clean. I learned this from a maid that took care of cleaning condos. It gets glass so clean without spots or streaks. Then use the rain x treatment, which I'm going to try.
