The Cambridge World History Of

Since 1750, the world has become ever more connected, with processes of production and destruction no longer limited by land- or water-based modes of transport and communication. Volume 7 of the Cambridge World History series, divided into two books, offers a variety of angles of vision on the increasingly interconnected history of humankind.

---

The Cambridge World History  
The Cambridge World History is a seven volume history of the world in nine books published by Cambridge University Press in 2015. The editor in chief is Merry E. Wiesner-Hanks. The history takes a comparativist approach.

---

The Cambridge World History - Wikipedia  
The Cambridge World History is an authoritative new overview of the dynamic field of world history. It covers the whole of human history, not simply history since the development of written records, in an expanded time frame that represents the latest thinking in world and global history.

The Cambridge World History (9-Volume Set) | NHBS Academic ...  
World History. Cambridge has long been an international centre for research and study in World History. Our research interests, spanning five centuries, stretch from Latin America and the Caribbean to Africa, the Middle East, Asia and the Pacific. Social, economic, political, and intellectual approaches are all represented, with cross-cutting thematic interests in colonialism and imperialism, collaboration and resistance, diaspora and migration, gender, religion, labour, science, and the ...
