The Civic Culture: Political Attitudes and Democracy in

A civic culture, we have argued, rests upon a set of nonpolitical attitudes and nonpolitical affiliations. Many of these attitudes that we have discussed—general attitudes toward other people, sense of social trust—have little explicit political content, and many of the affiliations we have dealt with—primary group affiliations in particular—are quite distant from the political system.

In the book "The Civic Culture: Political Attitudes and Democracy in Five Nations, An Analytic Study," Gabriel Almond and Sidney Verba present a study of the political culture of democracy and discuss the social structures and processes that help to improve its overall stability. A common concern among political

Theories of Democratic Transitions **The Civic Culture**

The civic culture is seen as an allegiant political culture in which political participation is mixed with passivity, trust, and deference to authority. Traditionality and commitment to parochial values are seen as balancing involvement and rationality.

Civic culture **Oxford Reference**

The authors interviewed over 5,000 citizens in Germany, Italy, Mexico, Great Britain, and the U.S. to learn political attitudes in modern democratic states. Originally published in 1963. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press.

The Civic Culture **Princeton University Press**

The Civic Culture According to Livingstone, publics and audiences should be regarded in opposition to let one observe their significance and distinctiveness. Although the main remarkable feature of publics in contrast to audiences is their orientation on something shared and collective, the scholars and particularly Livingstone define at least seven more binary differences.

The Civic Culture: Political Attitudes And Democracy In

Political culture Political culture may be defined as the political psychology of a country or nation (or subgroup thereof). Political culture studies attempt to uncover deep-seated, long-held values characteristic of a society or group rather than ephemeral attitudes toward specific issues that might be gathered through public-opinion surveys.
