newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Praise for the first and second editions: "The Copyeditor's Handbook brims with valuable information, good advice, and helpful suggestions for novice copyeditors and experienced practitioners. It is comforting to know that current and future copyeditors will be able to turn to this handbook. I'm placing this work, which fills a huge gap in the literature, right beside my dictionary, and will highly recommend it to all my colleagues and students." —Alice Levine, Lecturer, The Denver Publishing Institute, and freelance editor "A definite 'must have' for the beginning to intermediate editor or author, and even the experienced editor. An indispensable reference tool." —Kim Hawley, President, The Chicago Book Clinic "This is the book that every teacher of editing has been waiting for: thorough, clear, authoritative, up-to-date, and sane." —Beth Luey, Director, Scholarly Publishing Program, Arizona State University "This book warms the cockles of the copyediting heart. It is thorough, useful, helpful, and smart. And it fills a huge vacuum." —Constance Hale, author of *Sin and Syntax* and *Wired Style* "An excellent resource. The Copyeditor's Handbook should sit on every business editor's shelf, next to the in-house style guide." —Erika Henik, Research Publications Manager, Banc of America Securities LLC "The first three chapters alone are worth the cover price. It's a book that acknowledges an assortment of vexing copyediting questions and offers multiple answers to most of them." —Gary Hernandez, Technical Communication "An excellent textbook to teach the essentials of copyediting. An excellent reference work for workplace writing." —Mark Armstrong, *Business Communication Quarterly* "Straightforward, sound advice for beginning or intermediate copyeditors working with pencil or online." —Priscilla S. Taylor, *The Editorial Eye* "Lays out the copyeditor's obligations with humor, style, and perspective." —Walter Pagel, *Science Editor*
