XZ550RJ The XZ550 was the first Yamaha model to feature automotive-style downdraft carburetors with the air cleaner box mounted atop the carburetors, as opposed to most motorcycles' sidedraft carburetors with their side-mounted air cleaners. While downdraft carburetors flow air into the engine more efficiently than sidedraft carburetors, the height of the carburetors and their airbox required ...

'This is a book about rural Australia, love gained and lost, and fighting for what you believe in. But, unlike many books in the same genre, The Saddler Boys is subtly about so much more.' Weekly Times Schoolteacher Natalie has always been a city girl. She has a handsome boyfriend and a family who give her only the best. But she craves her own space, and her own classroom, before settling down into the life she is expected to lead. When Nat takes up a posting at a tiny school in remote Western Australia, it proves quite the culture shock, but she is soon welcomed by the inquisitive locals, particularly young student Billy and his intriguing single father, Drew. As Nat's school comes under threat of closure, and Billy's estranged mother turns up out of the blue, Nat finds herself fighting for the township and

battling with her heart. Torn between her society life in Perth and the rural community that needs her, Nat must risk losing it all to find out what she's really made of - and where she truly belongs. Praise for Fiona Palmer 'Fiona Palmer just keeps getting better.' Rachael Johns 'Palmer's passion for the land bleeds into the story, and her scenes are vivid and genuine, just as her characters are.' Book'd Out 'Fiona Palmer has well and truly earned her place as a leading writer of one of Australia's much-loved genres.' Countryman

The fifth edition of Numerical Methods for Engineers with Software and Programming Applications continues its tradition of excellence. The revision retains the successful pedagogy of the prior editions. Chapra and Canale's unique approach opens each part of the text with sections called Motivation, Mathematical Background, and Orientation, preparing the student for what is to come in a motivating and engaging manner. Each part closes with an Epilogue containing sections called Trade-Offs, Important Relationships and Formulas, and Advanced Methods and Additional References. Much more than a summary, the Epilogue deepens understanding of what has been learned and provides a peek into more advanced methods. Users will find use of software packages, specifically MATLAB

and Excel with VBA. This includes material on developing MATLAB m-files and VBA macros. Also, many, many more challenging problems are included. The expanded breadth of engineering disciplines covered is especially evident in the problems, which now cover such areas as biotechnology and biomedical engineering

From one of Australia's favourite storytellers comes a heartwarming story spanning three generations about when to fight and when to surrender - and how new love can heal old wounds. Kim Richards is a creative woman of the land, a rural ambassador who's renowned for her contribution to her community. But deep down, she's lonely. She's already watched the man she loves fall for someone else, and her dream of starting her own family feels like it's slipping through her fingers. Enter Charlie McNamara, an older man who's arrived in Lake Grace on business. Sparks fly between Kim and Charlie, but he seems to have a hidden agenda and a past life he's trying to hide. They're both drawn to local hermit Harry, a Vietnam veteran who's haunted by memories from the war. What ties these lost souls together? Can they solve a long-held family mystery and heal fractures of the heart? 'Fiona Palmer has well and truly earned her place as a leading writer of one of Australia's much loved genres.' Countryman
